FQ 670 Optical Wheel Mouse

FQ 680 Scroll Wheel Mouse

You can navigate precisely in all applications for up to at least 1 million mouse clicks with the MITSUMI computer mice, in compact and ergonomic construction. Soft, flexible mouse cords ensure the greatest possible disruption-free movement, and the modern design, combined with advanced technology, offers an abundance of areas of use – at home, at the office, or on the go.

### FQ 670 Optical Wheel Mouse

Ergonomic construction, exclusive design with the most modern optical sensor technology for precise work on nearly any surface – without a mouse pad! No more tiresome cleaning, either, as the mouse no longer has a mouse ball.

### FQ 680 Scroll Wheel Mouse

You can scroll up and down quickly and easily through the screen contents in any application with the integrated scroll wheel on the MITSUMI Scroll Wheel Mouse. The soft, flexible mouse cord offers the greatest possible disruption-free movement. The high reliability of the MITSUMI Scroll Wheel Mouse, with over 1,000,000 mouse clicks (right and left mouse button) guarantees a long product life.
